BEER THAT IS HEALTHFUL.

The main difference between Good Beer and Bad Beer is in the after effects-not the taste. You discover part of that difference. You notice, for one thing, that pure beer-SCHLITZ BEER-doesn't make you bilious. A & &

But the main difference goes unnoticed. Pure beer is good for you; bad beer is unhealthful. But both effects are so gradual that you may not know what has caused them, yet ? two things are certain:

FIRST-Pure beer is the right beer. Purity is far more important than you think.

SECOND-SCHLITZ BEER is pure beer. Its reputation for purity is of 50 years' standing, and if purity means anything to you, why not send us your next order?
